Summary

Dedicated and enthusiastic junior programmer seeking a challenging developer position to apply theoretical knowledge and hands-on experience in software development. Eager to contribute to a dynamic team, learn from seasoned professionals, and further enhance programming skills while working on real-world projects.

Skills

- **MS Windows proficiency**
- **Tools:** MS Word, VS Code, Trello, Visual Studio 2019/2022, Postman, GitHub, DbGate, MS SQL Management Studio,My SQL Workbench, ARC (Advanced Rest Client)
- **Programming Languages:** C#, JavaScript, HTML, CSS
- **Databases:** T-SQL, MySQL, MariaDB
- **Frameworks:** .Net Core (C#), .Net Framework (C#), WinForms (C#), ASP.Net Core (C#), ASP.Net Core MVC (C#), Vue JS, ASP.Net Core REST Api (C#)
- **ORM Tools:** Dapper, Entity Framework
- **Languages:** Serbian, English
- **Version Control:** Git

Projects

1. **School Management System (Personal Project):**

   - Developed a user-friendly desktop WinForms application in C# for school management.
   - Created an accessible ASP.NET Core REST API for seamless data interaction and an ASP.NET MVC web application for broader user accessibility.
   - Implemented a T-SQL database on SQL Server for efficient data management.
   - **Technologies:** C# (WinForms, ASP.NET Core), T-SQL, JavaScript, HTML, CSS.

2. **Knowledge Showdown (Enon Solutions Internship):**
   - Collaborated on a dynamic Vue.js project, frontend, and Mars Platform (JavaScript) backend for a web application.
   - Developed a user-friendly application (Vue.js, Mars Platform, MariaDB) for solving quizzes while working in a team.
   - Successfully obtained "Practical Techniques of Web Programming" certification during the 10-week internship.
   - Gained practical experience in modern web development frameworks, contributing to an engaging platform.
   - **Technologies:** Vue.js, Mars Platform (JavaScript), MariaDB.
   - [Live Demo](#)

3. **Personal Portfolio Website:**
   - Designed and developed a personal portfolio website showcasing projects, skills, and experience.
   - Implemented responsive design principles for optimal viewing across various devices.
   - Utilized HTML, CSS, and Vue Js to create an interactive and visually appealing user interface.
   - Provided links to Certifications, LinkedIn, GitHub repositories and live project demos for further exploration.
   - **Technologies:** HTML, CSS, Vue Js.

Work Experience

Intern
Enon Solutions
September 19, 2023 - November 29, 2023

- Collaborated with a team on the Knowledge Showdown project, contributing to the development of a dynamic web application.
- Utilized Vue.js for frontend development, implemented Mars Platform (JavaScript) for the backend, and managed data using MariaDB.
- Acquired certification in "Practical Techniques of Web Programming" during the internship.
- Gained valuable experience working in a dynamic team environment.

Education / Certificates

Certified Developer for Microsoft Technologies
Microsoft Development Course, ITAcademy by LINKgroup, Belgrade
2021-2022

Practical Techniques of Web Programming,
Enon Solutions Internship, 2023.
